FLAG RAISING.—A beautiful flag inscribed with the names of GREELEY and BROWN was hoisted to the "mast-head" of the poll recently erected at the foot of King street, last night, on which occasion there was a large and enthusiastic meeting presided over by Lewis McKenzie with Geo. R. Shinn as Secretary.

Mr. McKenzie, upon assuming the duties of Chairman, made a characteristic speech, short, but full of good advice and recalling reminiscences of the past that elicited frequent and hearty applause; especially was his reference to the Coon Killer, the little cannon used on the occasion—very happy, as recalling the days of '44 and the good old times of the Whig and Democratic parties. At the conclusion of Mr. McK's remarks the meeting was addressed, in the order named, by Dr. Hill, and Messrs. Y. H. Peyton, D. L. Swoot, H. Latham, H. O. Claughton and W. A. Stewart all of whom made excellent speeches, urging a vigorous campaign for the overthrow of radicalism; showing the inconsistency of those Democrats and Conservatives who would prefer Grant to Greeley, in the present emergency; with some good advice to the colored people, and stirring appeals to all the friends of reform to be "up and doing" from now till election, in order to redeem the South and the country from tyranny and despotism. All the speakers were frequently and heartily applauded.

QUARTERLY CONFERENCE M. P. CHURCH.—SERMON OF WILLIAM U. HERBERT.—A good congregation convened in the Methodist Protestant Church last night, to hear the trial sermon of William U. Herbert, a candidate for license to preach the gospel. The services commenced by the singing of the hymn commencing, "Salvation! O the joyful sound!" at the conclusion of which Mr. Herbert led in a fervent and impressive prayer. The hymn commencing, "O, for a thousand tongues to sing," &c., was sung, after which Mr. Herbert announced for his text, Acts xvi chapter, the 30th and 31st verses: "And said, sirs, what must I do to be saved; and they said, believe on the Lord Jesus Christ, and thou shalt be saved." The sermon was an excellent one, and did credit to the head and heart of the speaker.

The pastor announced the hymn commencing, "Sinners obey the gospel word." The hymn was sung, concluding with the long-meter doxology, and benediction by Rev. Dr. Killgore.

The Quarterly Conference immediately convened, and the Rev. James L. Killgore, D. D., proceeded to examine Mr. Herbert, in accordance with the requirements of the Constitution and Discipline of the Methodist Protestant Church. The examination was most thorough and was well sustained. The vote was then taken, and by a unanimous vote, William U. Herbert was licensed as a preacher of the gospel, and recommended to the Pennsylvania Annual Conference of the Methodist Protestant Church, as a suitable person to be admitted to membership in that body, and to be ordained a Deacon in the Church of God.

James R. Caton, the efficient deputy clerk of the Corporation Court of this city, and Mr. Ezekiah Ward, were also licensed as exhorters in the Church.

PRINCE WILLIAM COURT.—The August, or quarterly term, of the County Court of Prince William county, Judge Nicol presiding, met yesterday. The whole morning was occupied in reducing the assessment of lands in the different townships.

Wm. E. Garner, lately arrested in this city for stealing two horses from Mr. Ward, of Prince William, was indicted by the grand jury for horse stealing, and fully committed to jail to answer that charge at the next term of the County Court.

Judge Chas. E. Sinclair was appointed and sworn to as Commonwealth's Attorney, vice J. C. Clark, resigned.

John M. Johnson, of this city, qualified as an attorney to practice in that Court.

During a recess Mr. James Williams a native of the county, but now a resident of this city, made a speech in favor of Greeley and Brown. R. S. Davis, a constable of that county, brought suit against Mr. Ward to recover the reward of \$50 that he had offered for the arrest of Garner, indicted for horse stealing.

CHANGE OF ADVISER.—It has become customary in the Postoffice Department at Washington to notify the sitting member of Congress, if he agrees in political faith with the Administration, of all changes proposed in his district and to confer with him in reference thereto. In case the sitting member be of the "opposition," it is usual to select some prominent gentleman of the district, of the Administration party, for the purpose of conference. Chas. Heretofore Hon. Lewis McKenzie has been the gentleman selected in this district, but of late the Postoffice Department has selected Mr. James B. Sener, of Fredericksburg, to consult about affairs here. The defection to Greeley among prominent republicans here has been so great that the Administration cannot find a single gentleman in the district with whom it desires to advise concerning its appointments, and has been compelled to seek such an adviser outside of the district, in Fredericksburg.

QUARANTINE.—The schooner Sophie Knutz, on board of which there lately occurred a case of small-pox, and for the arrest of whose captain a warrant was issued for refusing to comply with the orders of the Superintendent of Police, directing him to remove his vessel from the dock in which she was lying and anchor her in the stream, cast off her lines from the lower coal yard wharf this morning, and now lies in the channel off the city. As the vessel has been fumigated with chlorine gas, as she remained at the wharf two days after the case was removed from her, and as she is now lying not at quarantine ground, but in the harbor among the other shipping, the captain thinks she may as well come to the wharf and take on her cargo of coal and go away, and is trying to put his thoughts upon the subject into effect.

EXCURSION.—The excursion of the Friendship Fire Company to Carlo's Springs yesterday was well attended and was one of the most agreeable affairs of the kind this summer. The last train did not leave the ground till 11 o'clock at night, and all who were present express themselves as delighted with the day's entertainment. A short time, previous to the departure of the last train a disturbance was attempted by Edward Meads and a young man named Sutton, but it was soon quieted. The offenders would have been arrested on the spot and tied, but the constable of the township thought it better to wait until he could procure warrants for their arrest. During an interval in the festivities Dr. J. C. Hill, delivered a short political address which was well received.

ARTHUR COLE, who was cut at Roach's Springs, during a colored picnic there, on the 8th of July last, died on Friday night last. His assailant, John Rollins, is in jail in this city.

MAYOR'S OFFICE.—There were no criminal cases at the Mayor's office this morning.

R. W. Falls, agent of Adams Express Company, for carrying on the business of that company without a corporation license, was fined and discharged, after paying the required license under protest.

The Mayor is now chiefly occupied in issuing corporation licenses, among those applying for them being the hucksters, who in consequence of the phrasology of the law last year, successfully resisted the payment of the tax.

NIGHT REPORT.—Night cloudy and mild, with a breeze from the south. There were no disturbances, no arrests, nor any prisoners at the station house.

COUNTY COURT—RULE AGAINST THE CLERK.—Previous to the adjournment of the August term of the County Court yesterday, Judge Cooke, directed a rule to be issued against Geo. C. Scaton, the clerk of that Court, returnable at the next term, to show cause why he should not be removed from his office for malfeasance or gross neglect of duty. It is understood that the chief cause of the rule was the alleged failure of the clerk to issue an order summoning the Supervisors of the county to show cause for making a levy without the authority of the Court, but the clerk and Sheriff say that the order was issued and executed.

GOOD TEMPLARS.—At a meeting of Welcome Lodge, No. 29, I. O. G. T., held on Thursday night last, the following officers were installed: Jas. R. Caton, W. C. T.; Miss Izora Coleman, W. V. T.; Frank Stansbury, W. R. S.; Frank Harper, W. F. S.; Miss E. Greenawald, W. T.; Wm. Dalton, W. M.; Mrs. Kidwell, W. O. G. The Lodge has grown rapidly during the last quarter, and is now in a flourishing condition.

PROPERTY.—The Washington correspondent of the Baltimore Sun, says:—"On Saturday the last of the property in this city owned by the Alexander heirs was sold at public auction. Their ancestor bought the whole of Alexandria county, in 1667, for 6,000 pounds of tobacco, and his descendants have continuously owned real estate in this city from its foundation until now." We expect the lots sold on Saturday were not the last of the property referred to.

SALUTE.—The Friends of Greeley and Brown fired a salute with the "coon killer" at King street wharf, yesterday evening, over what, at that time, was to them good news from North Carolina; but the radicals this morning say that if North Carolina has gone for them, they will borrow a twelve pounder from Washington and make the widows rattle worse than they did last night.

UNFOUNDED RUMOR.—A rumor, for which there was not the slightest foundation, was extensively circulated to day to the effect that Col. Mosby had been shot and killed by Dr. John Withers in a duel at Bladensburg at an early hour this morning. Col. Mosby is at Jordan's Springs, and Dr. Withers is in Warren County. No challenge has passed between them, nor is a duel even apprehended.

VALUABLE PROPERTY AT AUCTION.—Several pieces of valuable property, the estate of the late Josiah H. Davis, including several lots and houses on the wharf, with dock rights, &c., will be offered for sale, at public auction, to-morrow.

TELEGRAPH NEWS.

(SPECIAL DISPATCHES TO THE GAZETTE.)

North Carolina Election.—NEW YORK, Aug. 6.—The Tribune now estimates Merrimon's majority from its dispatches which nearly cover the whole of North Carolina at 1,311.

The World's Raleigh dispatches say the election will be very close; that if Caldwell obtains the same ratio of gain in the counties to be heard from he will be elected by a very small vote. Onslow county gives Merrimon a gain of 400 which makes his chances more favorable.

The Herald's Raleigh dispatch says it will take the official vote to decide. The Democratic and Republican gains come in alternately, causing excitement and suspense. If Caldwell is declared elected Merrimon will contest. An estimate made by Mr. Phillips, chairman of the Republican State Central Committee, giving the State to Caldwell by 1,400 majority is generally discredited. No confidence is to be placed on reports of majorities on one side or the other. Cobb, Republican, has a majority in the first district of 1,000; Thomas, Republican, in the second district, probably has 1,000 majority; Smith, Republican, in the fourth district, has 800 majority; Waddell, Democrat, in the third district, has 700; Leach, Democrat, in the fifth district, 600; and Ashe, Democrat, in the seventh district, and Vance, Democrat, in the eighth district, are elected by large majorities. The dispatches of Collector Young to the Times claim the State for the Republicans.

The Geneva Arbitration.—NEW YORK, Aug. 6.—The New York Herald's special from Geneva on the 5th, says:—"As the Arbitration progresses the probabilities increase that the verdict will be in favor of the United States, and that it will be in the form of a general declaration of England's responsibility for the acts of Confederate cruisers and the award of a gross amount of damages of some magnitude, thus obviating a resort to a board of assessors."

The American counsel apparently endeavor to secure this instead of a detached award. The judgment of the court, therefore on each particular ship is of less consequence than it otherwise would have been; but there is reason to believe that the case of the Georgia is the weakest, and has been practically abandoned. The case of the Shenandoah is pressed closely, and indemnity for losses to the whaling fleet is especially urged. The discussion proceeds faster than was expected.

The English counsel give particular emphasis to the argument that the tribunal, under the treaty of Washington, has no right to examine the conduct of England in execution of municipal law, and they maintain that no nation is responsible to another for its internal administration.

Canadian Election.—QUEBEC, Aug. 5.—A general election for this Centre and West divisions took place to-day. In the Centre Condon's men took possession of the polls and commenced fearful excesses.

The Ross men banded together to repel their attacks, but were too weak for their assailants who numbered 2500 and were armed with revolvers. A fearful encounter took place at the foot of Placette street and several lives were lost while the wounded are numberless. The Dominion artillery and a field battery had to be called out as well as the armed provincial police. As the polls were taken possession of, no fair returns of collection could be made, but Condon the French candidate is declared returned. The English speaking population it would seem are to be exterminated by the French. It is feared that more blood-shed will take place.

What the President Thinks.—NEW YORK, Aug. 6.—A dispatch from Thosand Islands says that the President in an interview yesterday said that he considered the result in North Carolina a victory for the Republic. He was not anxious for a second term but consented to receive the nomination simply because he thought that the best way of discovering whether the majority of his countrymen believed what was alleged against his

administration and against himself personally. The asperities of a political campaign will give my political opponents and personal enemies an opportunity, and an excuse to say all that can be said against me. All those who have treated me unfairly have now a chance to declare themselves. He did not personally covet a second term but wanted to test the sentiments of his fellow citizens in his behalf.

From Mexico—Depredations.

NEW YORK, Aug. 6.—A dispatch from Matamoros of the 5th, says Trevino has signified his intention of accepting amnesty offered him on condition that the Government will remove Garza Ayola and become responsible for his acts during the revolution.

Gen. Rochoa has 7,000 men in Monterey and 2,000 in Saltillo.

There were nine witnesses before the American Commission in Brownsville to day. Runners are coming in to testify concerning Mexican outrages. There is a rumor to-day that an attempt will be made to trump up rebutting testimony to shield the Mexican Government. It is in evidence that cattle crossed the river near Brownsville, stolen from American citizens to the number of 60,000 and were valued at a million dollars.

Inspectors of the custom house testify that they distinctly recognized officers of Cortina's army directing operations.

A herd of cattle to the number of 4 to 6,000 were hurried across the river in open daylight. The cattle were driven three days without food in order to reach the river, and 1,000 perished in the sand.

On one occasion the thieves picked the road and made passing travellers assist them in crossing cattle over the river. A herd of stolen cattle grazed to-day within 25 miles of Brownsville on the Mexican side.

A Tornado.

HARRISBURG, Pa., Aug. 6.—A terrible tornado and hail storm a mile wide occurred at one o'clock last night, which carried off the roofs of the State Capital Hotel, Brant's Hall and many private buildings. The globe end of the German Reformed church was injured. Hundreds of trees were blown down; thousands of panes of glass broken, and telegraph wires prostrated. Communication was restored this morning.

Illness of Chief Justice Chase.—NEW YORK, Aug. 3.—A Bristol, R. I., dispatch says that Chief Justice Chase is very ill with Bright's disease of the kidneys, and that by advice of his physician he goes to the White Mountains to-day, accompanied by Senator Sprague.

A small colored girl, named Georganna Holmes, living near the W. & O. R. R. depot, was attacked by a large dog near that depot this morning, and bitten on the arm. Some excitement was created in the neighborhood in consequence, and the case reported at the Mayor's office.

A young man named Hugh Strider, who was knocking things to pieces in his mother's house this morning, on being approached by officer Strakes, struck that officer a powerful blow on the mouth, cutting his lip badly, and then ran into the house and barred the doors and windows. The officer soon got a warrant for his arrest, and after some difficulty, secured him in jail.
